

The Indiana State Department of Health and Newborn Screening Program  
invite you to attend a

**Web-Assisted Audioconferences 2005 Health Care Series**

**Free Newborn Screening Conference  
For Legislators and Legislative Staff**

Wednesday, September 28<sup>th</sup>  
12-1pm

put on by the  
**National Conference of State Legislatures**

You can participate in the event from your office.  
Just log-on to your computer.

Available at <http://www.ncsl.org/programs/health/webcast2.htm>.

You can listen to the audio on your computer or over the phone.  
The conference is free for state legislators and their staff.

Whether a newborn is screened for a particular condition depends on what  
state the baby is born in.

In Indiana, we now screen for 39 conditions and do a newborn hearing test.

Come learn about the experiences of states that have expanded newborn  
screening through a variety of approaches and how states are financing the  
newborn screening system

Presenters will include:

- *Mike Watson, PhD*, Executive Director, American College of Medical Genetics (ACMG)
- *Bradford L. Therrell, Jr., PhD*, Director, National Newborn Screening and Genetics Resource Center (NNSGRC)
- *Kay Johnson, MPH, MEd*, President, Johnson Group Consulting
- *Alissa Johnson, MA*, Program Principal, National Conference of State Legislatures (moderator)
